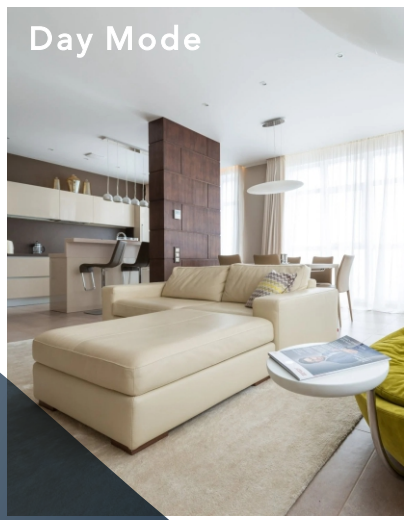
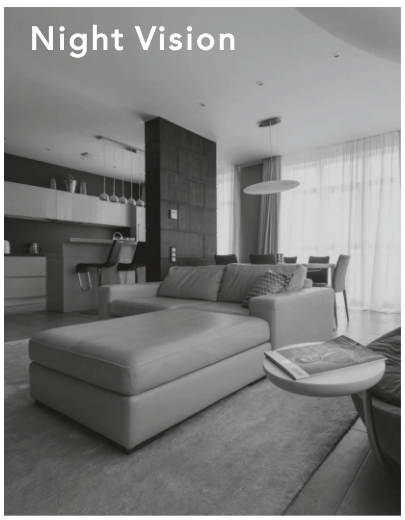
WiFi Camera

24/7 SECURITY
NON-STOP RECORDING

High quality HD 1080p





TrackingHAWK

Small Size

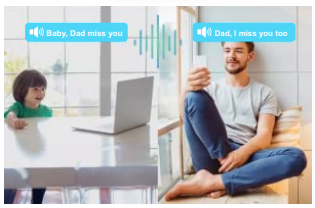
The Camera is one of the world's smallest camera, with size 0.9x1.69x1.69inch and weight 1oz, works on 2.4GHz WiFi, perfect to keep an eye your kids, families, or important things. Suitable for home, office, store, bus, truck, car, even in your pocket or on your backpack with a strong magnet. It can work as a security camera, car camcorder, pet camera and baby camera

Motion Detection

Motion detection works perfectly with App Message Alarm. Making sure you are the first one to get informed when things happen

That only records video when detecting movement,means this portable app camera can save much storage space and power, serve longer.

2-Way Audio



Listen and talk to anyone you care about while not at home. unique mic design minimizes moter sound while providing high quality audio.

Buit-in microphones and speakers, you can stay in touch with your family wherever you are.

IR-Cut, Day and Night Monitoring

Camera comes with Infrared LED with IR-Cut filter, providing clear nighttime pictures.

SD Card Slot

Supports External Memory with micro-SD card for max 128GB (card not included with package), can be used for meeting room, bus, truck, car, travel, shops, cycling, gymnasium
